

PALM POS with CARDTRUST

A Software Alternative to Outside EMV

CardTrust provides you with a solution to recognize payment from known customers, those who have shopped in any of your locations and registered their payment card. And it will protect you against potential fraud and the “bad guys” by throwing a caution flag when it recognizes an unknown payment card.

PALM POS with CardTrust
A REAL ALTERNATIVE

REAL ALTERNATIVE. REAL SAVINGS.
\$7000 PER SITE (2 terminals) and \$299 PER MONTH PER SITE

If you haven't decided what to do about the looming EMV Outside October liability shift deadline, you're not alone! As a business owner, you're facing some very large expenses, leaving you wondering what to do. With estimates of \$50,000-\$75,000 to replace a dispenser or \$25,000-\$35,000 to update one with a retrofit, you're looking at serious numbers.

There are alternatives.
